"Radio Podcast": les moments forts des interviews

Maxence

1) Which sport do you like more between Handball and Badminton and why? Between Badminton and handball I think I prefer badminton as I have been into this sport for more time but this is a really tough question.

2) Are you interested in some another sport? Apart from Badminton and Handball I really love football especially PSG but I'm really bad at it.

3) Do you go to competitions in those sports? I have a handball game every weekend and I play in the adult team in badminton so games are in week night. It is often Wednesdays.

4) Did you meet new people and friends at those sports? Of course when you do a sport for more than 10 years you make link. I have a lot of friends in badminton even if it is an individual sport. I have also very good relations with my handball's teammates.

5) What is your favorite position in handball? My favourite position in handball is middle back but I also play left back.

6) Can you describe to me your one training session? usually we do a warmup by running and warmup the goalkeeper. Then all trainings are different but we do exercices and finally a little opposition like a game

Maxence, I have some questions for you? by Nika, Croatia (selective transcript)

Maëlle

1) How long have you been riding a horse? I have been riding since I was 7 years old. I ride for an hour on Thursdays and when I compete at the weekend.

2) Have you won an award? Yes I won the French Championships in 2022 and I won the last jumping competition I did a month ago. When I do competitions, I regularly make rankings.

3) Have you ever fallen off your horse? Yes of course and it's quite normal, when we fall we learn from our mistakes

Around five months ago was Rafa Nadal, but right now my favorite tennis player is Carlos Alcaráz

5. Why did you choose this sport?
