

Class : 2nde « Activ'English »

Option Management

Lycée Descartes

A French School in Madagascar, 19100 Antananarivo - Madagascar
01 20 41 83 22

Open Days - 27.01.2024

M. Rakotoniravavy

Course's main objectives

- Attendees are getting exposure on entrepreneurship and management and their core themes.
- They discover prerequisites for undergraduate studies in economics-management
- They discover new methodologies: project management, group work, designing a product, get on stage and convince an audience

Courses program

3 academic themes studied in this course.:

- From entrepreneurship to setting up an organization.
- Organize and take decisions: from goals to execution.
- Performance assessment and monitoring with new technologies.

I'll enroll in this course to:

- Gain a broad understanding of the business world and non-profit organizations
- Build projects and work as a team member
- Communicate on a project with my team
- Get curious and foster critical thinking
- Work with new technologies and be tech-friendly
- Think about my future studies
